IOC Circular Letter No 2920
(Available in English only)

IOC/VR/BA/ah
8 December 2022

To : Registered NWPTA focal points of the following countries: Peoples Republic of China, Federated States of Micronesia (Chuuk, Kosrae, Pohnpei and Yap), France (French Polynesia), Indonesia, Republic of Korea, Palau, Papua New Guinea, Philippines, Russian Federation, Solomon Islands

cc. : IOC and UNESCO national focal points of the above concerned countries
Pacific Tsunami Warning Center
International Tsunami Information Center
IOC Tsunami Unit

Subject: Notification and Instructions regarding the Northwest Pacific Tsunami Advisory Center (NWPTAC) Communications Test for the Registered focal points of NWPTAC Advisories scheduled on 7 February 2023 at 0500 UTC

By this letter I wish to inform you that the Northwest Pacific Tsunami Advisory Center (NWPTAC) will conduct a communications test on **7 February 2023 at 0500 UTC**. The goal is to verify that the communication channels between the Center and the recipients of its tsunami advisories in the above-mentioned countries and territories of the Northwest Pacific region are operating properly.

The concerned Tsunami Warning Focal Points (TWFPs) should expect to receive the test message within a few minutes of issuance through all their designated communication methods. These may include:

1. Global Telecommunication System (GTS) using the World Meteorological Organization product header WEPA40 RJTD, the same product header used by NWPTAC to issue an advisory
2. E-mail – sent by nwpta@eqvol2.kishou.go.jp
3. Telefax – sent to designated fax numbers.

The concerned TWFPs should verify that the test message is received by all of their designated communication methods. TWFPs are requested to complete the acknowledgement form attached hereafter and return it by Telefax to +81-3-3584-8644 and/or by e-mail to nwptac_hokusei@met.kishou.go.jp. Prompt responses (preferably by 0800 UTC on 7 February 2023) are highly desirable. The results of this communication test will be processed by NWPTAC.

Chairperson

Mr Ariel Hernan TROISI
Technical Secretary
Navy Hydrographic Service
Av. Montes de Oca 2124

Ain Diab
20180 Casablanca
MOROCCO

Please note that the communication test will be postponed in case actual tsunami advisories are taking place in the Northwest Pacific region or if a serious event (non-tsunamigenic as well) is occurring in/or around Japan that day. The test will be then carried out on 0500 UTC on 10 February 2023.

Ensuring the operational functionality of all communication methods is critical to ensure the efficiency of the Pacific Tsunami Warning System in the Northwest Pacific Region.

Thank you for your continuous cooperation.

With assurances of my highest consideration, I remain,

Yours sincerely,

[signed]

Vladimir Ryabinin
Executive Secretary
