Commission

Seychelles

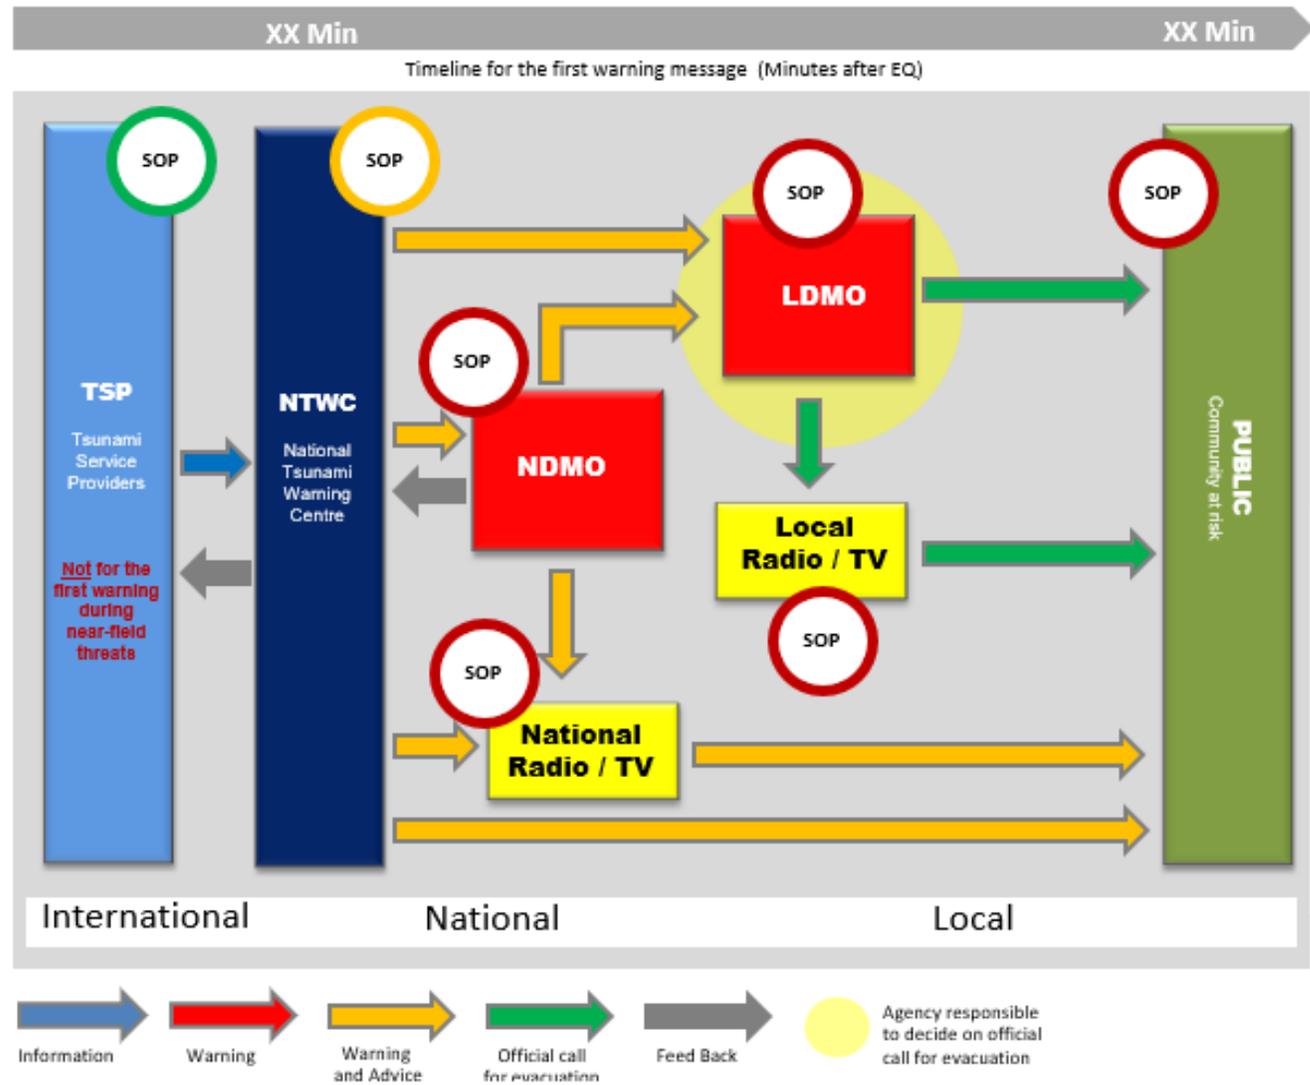

Standard Operating Procedure Status Report

unesco
Intergovernmental
Oceanographic
Commission

Indicate your country's SOPs status with regards to the tsunami warning chain (example provided).

Comment on any updates.

Issues for follow-up and future work

The need for **alignment** of EW SOPs especially **between SMA and DRMD**

Outdated and Non existent SOPs from Key Entities (**Local Government and Media Houses**)

Diversification of communications methods from NEOC to other stakeholders (**During Night**)

- **Scenarios: Fani Maore Volcano** (Saturday 25 October 2025) and **Sumatra Trench** (Wednesday 5 November 2025)
- **Exercise types:** Tabletop Exercise

- **Key players:** NTWC, NDMO, Local Government, Emergency response agencies, media, and communities
- **Evacuation:** To be Discussed (if we changed exercise type)

World Tsunami Awareness Day 2025 Plans

- Table Top Exercise – Anse Royale District
- Song Competition
- Awareness/Sensitization Campaign (**Tourism Industry or Home of the Elderly**)
